## INTRODUCTION.

IT has been eight years since this church has published a manual. During those years many changes have taken place. Some new officers have been elected; one-half of the present membership has been received into the church; new organizations have been effected, and old organizations have new officers and plans.

Our members should be informed of the life and work of our church, since without this knowledge there can not be the deepest interest and most successful effort. They should know clearly the financial condition of the church, its sources of income and how the gifts of the congregation are used; and they should know who are their fellow-members in the church. Such knowledge is essential to the truest social and fraternal life of our church.

Therefore, this book is sent forth by the Session, with the earnest prayer that it may quicken the interest, stimulate the activities and deepen the love of all our members.

## CALENDAR.

### *Church Services.*

Hours subject to change with the seasons.

**LORD'S DAY SERVICES**—Morning: 11 o'clock.

Evening: Winter, 7:30 o'clock.

Spring & Fall, 8 o'clock

Summer, 6 o'clock.

**SUNDAY SCHOOL**—4 o'clock p. m.

**MID-WEEK SERVICES**—Wednesday, at 8 o'clock p. m.

***The Lord's Supper.*** This sacrament is administered at the morning service on the second Sundays of January, March, May, July and November. Preparatory services on the Friday preceding, at 8 o'clock p. m. Communion Prayer Meeting Sunday, at 10:30 o'clock a. m.

***Baptism.*** Baptism is administered to infants on the Sunday of Communion, at the afternoon service for children, and at other times by special arrangement.

Parents will please not ask to have their children baptized at home, except in case of sickness or other extraordinary circumstances, as it is against the rules of the church. Parents will always send a card to the Pastor before service, giving name of child, names of parents and date of birth.

***The Session.*** The Session meets regularly for prayer and conference at 10:30 a. m. in the Primary Room, every Sunday; at the close of each service preparatory to communion, and at any time upon the call of the Pastor. Regular monthly meetings are held on the Monday following the second Sunday of each month.

***The Board of Deacons*** The board meets on the Tuesday following the second Sunday in each month, and at other times at the call of the Chairman.

## CHURCH SUPPORT AND

### BENEFICENCE.

#### *The Finances.*

THE church finances are managed and controlled by the Board of Deacons, and the expenses are met by the weekly offerings of the worshipers. The Treasurer, Mr. Hicks, or the Secretary, Miss Huggins, will furnish to every member of the congregation a package of envelopes containing one envelope for every Sunday in the year, for the regular expenses of the church.

It is desired that every member of the congregation will take a package of these envelopes, and contribute regularly through them. If you are not at church every Sunday be sure to bring your back envelopes properly filled the next time you come.

The regular expenses of the church are about \$5,500 a year. These expenses go on whether you are at church every Sunday or not. Every member of the congregation should bear his proportionate part of this expense, and do it with regularity and system.

***Immanuel Church.*** This work is supported by special subscriptions, payable monthly, quarterly, or annually. Envelopes for this fund will be supplied by the Treasurer, Mr. A. M. Hall.

***The Relief Fund.*** The Relief Fund is maintained by a special collection on each Communion Sunday. It is disbursed for the benefit of the church poor, through the church Secretary, under the direction of the Ladies' Relief Committee.

Collections for Benevolent Causes are taken as follows :

*The Home Department of the Sunday School.* During the month of March, 1904, there was instituted a work in the church which had long been contemplated, i. e., a Home Department of the Sunday School. This is a means by which it is proposed that there shall be a systematic course of Bible study throughout the congregation, among those who are unable to attend the regular sessions of the

Sunday School. A canvass for members was made, and ninety-two names were enrolled in the course of a few weeks. This was considered a most encouraging beginning, and it is expected that in the coming fall the number will be considerably more than one hundred.

The condition of membership is that at least one half-hour each week shall be given to the study of the lessons. The course of study is the same as that used in the Sunday School, and those who have followed the lessons from week to week are highly pleased.

Mr. Andrew J. Howell, Jr., is Superintendent of the Home Department.

*Report of  
Ladies'  
Foreign  
Missionary  
Society.*

The Ladies' Foreign Missionary Society is composed of sixty-seven members, representative women of the church, and holds monthly meetings. The Stations of our church are studied, and different members of the society are responsible for the programme for each month, the division of labor and study making the meetings much more interesting than they were when only the officers took part.

Letters from many of our missionaries, as well as occasional talks from those at home on furlough, are sources of interest and inspiration.

Besides our contribution for Foreign Missions of \$263.22 this year, the Society has paid \$41.00 towards the education of a girl in the Lees-MacRae Institute at Banner Elk, in the mountains of North Carolina.

**Report of  
Ladies'  
Home  
Missionary  
Society.**

The Ladies' Home Missionary Society, consisting of forty active and eight contributing members, has been doing efficient work in the church for the past year. The object of the Society is to pay the salaries of the Kindergarten and Sewing School teachers at Immanuel Church. The meetings are held on the first Monday in each month, and are well attended.

The Treasurer's report shows disbursements for the past year \$315.15, with an amount on hand of \$150.27.

**Report of  
the Relief  
Committee.**

Monthly meetings are regularly held, not excepting the summer months. Attention is given each month to payment of house rent, distribution of clothing when needed, and general visiting for the relief of the sick and dying. Two for whom long service was given have passed away tenderly cared for.

This society is composed of a handful of faithful women in connection financially with "The Poor Fund of the Church."

Its special object is caring for the aged and infirm—indeed, any very extreme cases of destitution, for "the poor we have with us always." Not only are they helped by supplying in a measure the necessities of the body, but personal contact, with sympathy, helps the cause, too.

***Report of  
Elizabeth  
MacRae  
Foreign  
Missionary  
Society.***

The Elizabeth MacRae Society meets on the second Wednesday of each month, and has a membership of about twelve; average attendance six. The meetings are interesting and all take part in them systematically and regularly. Facts about the workers and the matters concerning the various fields are discussed with interest and profit.

Since April, 1903, we have given to Dr. Morrison for the printing press \$18.25, and have on hand \$13.41, making a total for the year of \$31.66.

MRS. ELIZABETH MACRAE, President.

***Report of  
Catherine  
Price  
Society.***

The Catherine Price Society is a Home and Foreign Missionary Society for the young girls of the congregation over twelve years of age. The meetings are held on every other Monday, and a collection is taken at each meeting of five cents per member. These meetings are alternately for the study of Home and Foreign Missions, and are conducted either by the Leader or two of the members chosen in advance.

During this winter the society has paid one-half of the \$25.00 pledged for the year for the cot in Dr. Worth's Hospital in China; it has forwarded a special thank offering of \$3.00 to Dr. Morris for Home Missions, and at Christmas time the members filled and distributed over twenty stockings to poor children of the city.

The average attendance at the meetings is about twelve. The meetings are short and interesting, and the girls are learning, by taking part in the reading of short articles, sentence-prayers and Bible verses, to forget themselves and enter into the devotional, as well as the practical branch of the church's work.

MISS SUE HALL, Leader.

**Report of  
Orphans'  
Aid Society.**

The object of this society is to assist in the support of our Orphanage at Barium Springs, and to maintain and increase the interest of the members of this church in that noble institution.

Funds are secured mainly through the dues of the members of the society, and these are supplemented by donations of money, clothing, toys, etc., from others in the congregation. Three members of the society clothe individuals at the Orphanage and the society clothes three more.

Boxes are sent each fall and spring, besides a box of toys, fruit, etc., at Christmas.

The total gifts of the society to the Orphanage last year amounted to \$168.86.

The officers of the society are:

Mrs. E. A. MacRae, President.

Mrs. W. S. Warrock, Vice-President.

Miss Nan Huggins, Secretary.

Miss Lucy A. Chadbourn, Treasurer.

There are twenty-five members

There is a great work to be done for these helpless little ones, and the ladies of our church are earnestly invited to join the society, or to help in any way they can in this useful work.

**Report of  
Happy  
Congo  
Workers.**

This society was organized March 10th, 1904. It is intended for the little girls of the congregation. Seventeen members have been enrolled. They are working for the new boat on the Congo, and have already raised \$5.12 for this purpose. The girls are much interested in the work. Misses Maggie Brown and Mary Wiggins are the Leaders. The meetings are held every alternate Thursday at 4 p. m.

**Report of  
Entertain-  
ment  
Committee.**

The Entertainment Committee is an organization for promoting good fellowship and more thorough acquaintance among the members of the congregation. The present committee have held office for two years.

In December, 1902, they gave a reception to the

congregation especially in honor of the newly received members. In February they entertained the gentlemen of the congregation at a supper. The attendance was about 120. In May another reception was given to the congregation. During the fall of 1903 only one entertainment was given—a reception to the delegates attending Synod.

During March of this year a promise was obtained from Dr. Woodrow Wilson to lecture to the congregation, but to the great disappointment of all, he was obliged at the last moment to cancel the engagement.

All these events have been held in the Abbie Chadbourn Memorial Hall, which has each time proved itself anew most admirably suited to the purpose.

The finances of the committee are managed by Mr. Jas. H. Chadbourn. Fifteen gentlemen of the congregation pledged themselves for a fixed amount for each entertainment, and the additional funds necessary have been cheerfully paid by a few others.

*Report of Immanuel Church.* Immanuel Church was organized by a commission of Wilmington Presbytery November 8th, 1895, after a faithful work of ten years by members of the First Church in a Sunday and Industrial School. At present the church is in charge of a Commission of Presbytery consisting of the Pastor, who is Moderator, and Ruling Elders, B. F. Hall, C. H. Robinson, Samuel Northrop and Philander Pearsall. Rev. C. W. Trawick, who has been the pastor for two years, has recently gone to a new field (the Hickory Church) and Rev. J. S. Crowley has taken charge.

## NARRATIVE OF THE SESSION OF THE FIRST PRESBYTERIAN CHURCH.

*Forwarded to Wilmington Presbytery April, 1904.*

IT is our privilege, as well as our duty, to report the faithful discharge by our Pastor, the Rev. J. M. Wells, of the duties devolving upon him, as the pastor and teaching elder of this church. We have every evidence of a full realization on his part of the responsibility of the high office, and not only is an earnest desire manifested, but an active effort put forth to discharge his full duty to the people, and so to conduct himself as to be able at last to render an acceptable account unto God, the only Head of the Church. As the duties of the Pastor are so well understood and are much the same in all cases, varied only by local conditions, it is perhaps needless to enter into details of his work.

The Ruling Elders, we believe, have at heart at all times the peace and unity of the church, and in a quiet and unobtrusive way keep more clearly in sight than is openly manifest the general life and character, as professed Christians, of the individual members. In the case of some of the Elders, advancing years, and with some others, providential obligations and duties requiring their time, prevent the active discharge to some extent of the duties belonging to the Eldership. Especially is this true as to visiting among the congregation and calling on strangers.

Session meets for consultation every Sunday morning for a half hour, immediately before service; with the general business meeting once each month, and called meetings as circumstances require.

We have a good Board of Deacons, men of efficiency and high character, who, by their outward walk and conversation, command the respect of their fellows.

Remembering the Biblical injunction to the Deacons, and knowing the necessity of a financial basis for the successful work of the church as of other things, they are zealous in keeping all pecuniary obligations discharged, while modest and unobtrusive in their methods of raising funds.

2. The attendance upon the services may be called good, especially in the forenoon. The night preaching is not so well attended by the members as a whole, but probably more young men are present then than in the morning. We regret to report the attendance upon the weekly prayer meeting is not what it should be. We believe this due more to habit of non-attendance on the part of the absentees, as the attendants are largely the same persons each week or representatives of the same families.

3 and 4. We cannot say there is or has been any special outpouring of the Holy Spirit since May last. About the second week in May, after a short series of special services—a twenty-minute prayer meeting at 8:20 a m., and regular preaching at night—twenty confessed Christ and were received into the communion, a good proportion of these being young people, but old enough to feel a sense of their accountability to a Divine Head. But as God is always in the heart of those who will, there have been from time to time some who upon profession and examination have been added to the church roll. In the past year 32 have been added upon profession, 19 by letter; total 51. Dismissed to other churches 19, removed by death 8; total 27. Net gain 24. The above largely answers question 4. As to general improvement, we believe the body of the church is in a healthy condition. Our people are at peace one with another, and the spirit of brotherly love is not wanting.

5. We cannot say there is anything to be complained of in the general deportment of our people. In the case of a few the vital interest in the church's work is plainly wanting, and of such we have the authority for saying, "by their fruits ye shall know them."

6. We have a prosperous Sunday School, in which the membership of the church is fairly represented, though not as fully as might be. Those who take

part as teachers or pupils are faithful in their attendance, and the study of the lessons in the main we think earnest. To make amends for some lack of numbers in the school proper, a home department has recently been organized, with quite a full enrollment, for the systematic study of the lessons at their homes by those who cannot well attend the regular school. Besides this, there are various societies for active Christian work among the ladies and larger girls of the church, both foreign and home mission societies, a ladies' aid or relief committee for helping the poor, and an orphan's aid society. The little girls are also trained systematically in the various lines of Christian work, but see further in answer to No. 10.

7. Catechism training in the Sunday School is thorough, at least by the Superintendent, possibly not so much so by the teachers individually. We are unable to answer definitely as to families, but believe it is not neglected in the most of them.

8. Family worship, we fear, is not observed in a number of families, but we know it is observed in some.

9. As to the observance of the Sabbath, in the main, we see but little change for some years, barring the fact of the tendency on the part of some of our attendants, as well as members, to go on pleasure excursions; but while this is to be lamented, it is mostly participated in in the afternoon, and we do not think draws many away from the church services.

10. As a whole, our people give to the various causes and general calls, we believe, in proportion to their means. There may be some who do not consider it a privilege to give, while others are ever ready to respond and enjoy the grace of giving.

11. There is very little intemperance among our people, if any, in a strict sense of the word. We believe there is some drinking in a moderate way. We have to admit there exists a tendency on the part of a few only of our young people to engage further in worldly amusements than is proper, which things threaten their growth in true Christian character.

12. There is no systematic work by the church for colored people.

13. For nearly twenty years this church has had a special work in the southern part of the city, a large part of which area was and is peculiarly needy, spiritually and otherwise. One outcome of this work is Immanuel Church, supported entirely by the First Church. Some of our best talent and most consecrated workers have all along given and still give their vigorous help to this field of work, especially in the Sabbath School; also in a weekly training school, as well as a kindergarten for the small children. Much good has been done, though there have been at times some discouragements. What the final result will be only the Lord of the harvest can tell.

14. There is nothing due on Pastor's salary.

Adopted by the session.

[Signed]

B. F. HALL,  
Clerk.

The work here has from the beginning lacked strong men to take hold, and has for that reason apparently not pushed forward so rapidly.

It has been impossible to extend my work to other places that have long been inviting me to go to them, for two reasons :

First: Lack of native workers. But I am happy to say this lack is in a fair way of being supplied. There are four young men from my field who are preparing for the evangelistic work. Two of these are already in their third year. One is just beginning. And yet another still is to go in a few days to Dr. Davis to begin study at his own expense.

At the same time the San Kahle Church is earnestly praying that the Lord will send a young man whom they can support as their own student.

Second: Inability to reach more places and people with my present means of travel—horse-back.

So much for the conditions, now for an interesting incident in the work. One of the Deacons in the San Kahle Church is Tsiang Kwon Chia, who was a Taoist Priest. His Christian life has been a very bright one, but set with many difficulties in his home. His wife has been a bitter opponent, and continual scoffer. His elder brother and family have done all they possibly could to oppose him, while two cousins and their wives have joined forces to make him give up his faith.

His wife is a strong character, shrewd and intelligent, and is much respected and looked up to by the heathen women around her. She has persistently carried on idol worship in the home whenever her husband was away. She would take the children, who have been baptized, to temples and induce them to join in the worship of idols. Finally a few days since his wife said, "I understand your doctrine. I know that it is true, but I cannot believe in it the way you do. Husband, will you kneel here with me, and tell the Lord about it? He can and will help." So they knelt in prayer. The prayer was scarcely finished, when she jumped up and said: "I will be a believer, but you must not stop me from going once more to the Spiritualist woman." And before any one could say a word off she went. The result of this consultation was so unsatisfactory that she has given it all up in disgust. But to show that she is in earnest in turning to Christianity, she has been pleading with her friends to give up their idols.

Thus great joy reigns in one household, where before, Christ was a cause of contention.

With Christian greetings,

Sincerely,

R. A. HADEN.

**Dr. Worth's Letter.**

KIANGYIN, CHINA, April 5th, 1904.

*Dear Dr. Wells:*

Your letter reached me on March 16th, just as we were leaving home for a trip to Soochow to attend the Annual Conference of Chinese Christians of our Church. I did not get a chance to read the letter until after we had gotten aboard of the house boat. I was sorry that it was impossible for me to send you a reply by April 1st even if I had been able to answer immediately. I was away from home for more than a week attending the Conference and a meeting of the Medical Committee of Dr Wilkinson's hospital. Our Mission

hereafter is going to have a Medical Committee for each hospital, to consult with the physician in charge as to the general policy of his work. This will not reach you I fear in time for your Year Book, but will give you the news about us. When we first arrived it was painfully hard to make ourselves understood, but gradually the language has come back to us, and we find that we have not really lost what we knew formerly, but simply cannot put our hands on it, so to speak. I was glad to find that our return was kept very quiet, so I was not beseiged with medical work, but could attend to the many things that were necessary to our settling down in our old ways of life. I commenced very soon to conduct some of the Sunday services and found it very difficult to talk at all freely and especially hard to pray in public. Several times I was literally brought to a standstill in a prayer, and could hardly manage to close it intelligibly.

Gradually I have gotten more and more ease of speech and am now preaching every other night in the Chapel and taking two-thirds of the Sunday work at our Central Station here, while Mr. Caldwell goes to one of the out stations. I have commenced to have a regular Sunday School in the afternoon, using the International Lessons which are printed in Chinese at the Presbyterial Mission Press in Shanghai. Please tell Mr. W. M. Cumming that my school is a very crude affair beside his, but in one respect I know that he will say that we are ahead of him, and that is, that all the members of the church o'd and young are members of the school and attend it regularly. Several times such dense crowds of outsiders have come to the service, that I have just felt obliged to suspend the Sunday School Services and preach the simple Gospel to the crowd. The people were so thick that I hardly had room to turn around, and there was hardly standing room. Ordinarily we have several hymns, prayer, responsive reading of the Scripture, Golden Text, and then the classes are divided. All the women, girls and very small boys are taken by Mrs. Worth, Mrs. Sykes and Mrs. Haden. All the men and boys go with me. It is a most interesting work. I wish you could all see how much more friendly the people are than they were

formerly. We had tremendous crowds of visitors at China New Year and they were always pleasant. My phonograph created a tremendous sensation. We had two hundred people in the house at one time to hear it. On another occasion they came like a tidal wave and we had to send them all to the Chapel and take the instrument out there. While I was making the necessary preparations the young Chinese minister was preaching the Gospel to the big crowd. After long consultation the members of the Station have advised me to continue studying the language for the present and not begin Medical work until next fall. I feel sure this advice is good and will be for the ultimate advantage of the Gospel. Medical work has been suspended here for four years, and so the people have largely gotten out of the habit of coming here for treatment, and so of course that gives me an opportunity for studying the language that will never come to me again, for once the work is reopened the same flood of people will come as before and I will be unable to study at all. If I am to be of much use in preaching the Gospel, which is my principal business, I must have a much better use of the language.

We have decided to purchase a fine lot adjoining our present home for building the hospital. We purpose buying about an acre and a half at first and putting up a building which will answer for both dispensary, waiting room and Church: then two wards, for women and men, to hold altogether about twenty cots. That will be as much as I wish to handle at the present at least.

Now I think it will further the work here much more for all contributions to be put into a general fund at first instead of being made for the support of cots. The Woman's Missionary Union were working for the support of several cots. Next fall when the work opens we will need the support of about six cots, which is about all that the present premises will hold, and I believe that all other contributions had better be put into a general fund for building the hospital. The place that we now use was leased for ten years. The lease expires in May, 1905, and we must be preparing to have a new place to occupy at that time. We have

tried to purchase the present property, but the price is enormous and I am glad that we are going to be forced to get different quarters, because the present are very small and are surrounded by private property that could never be bought to allow enlargement of our work.

The Elizabeth Blake Hospital at Soochow in charge of Dr. Wilkinson cost something like twenty thousand dollars. It was given by Prof. and Mrs. Blake, of South Carolina. Dr. Venable's Hospital cost three or four thousand dollars. My plan is similar to Dr. Venable's and will take three or four thousand dollars. This is a very modest affair but will serve the purpose here perfectly well. I am writing to you freely and am telling you my plans and hopes as to a friend and not so much as to the pastor of the church. My earnest hope is that our church and Presbytery may undertake this work. It is easily within their means and a work greatly needed. The money need not all come at once, nor all in one year or two years, though of course at least one-half of it should come within a year so as to enable us to have one necessary building ready for use by May or June, 1905. Four thousand dollars is not a large sum for such a people if they have the heart to give. I am going to pray that they may have the heart to take up this work. The field is white to the harvest in China; from every direction come the most encouraging stories of the willingness of the people to hear the Gospel. I was in Soochow for a week and hardly heard a word of abuse. Whereas a few years ago the people fairly heaped abuse upon foreigners. A hospital would greatly aid in the spread of the Gospel here, and we need it greatly.

By the way, I am now acting as elder in the little group of believers here, Mr. Caldwell being pastor. It has already twice been useful to the work to have me as an elder. You and the Session will be glad to know that your action is bearing fruit.

Give my love and respects to the Session, and ask them to remember me as their representative constantly in prayer, for this is a most difficult work, es-

tablishing the pure Church of Christ among people  
steeped in Heathen ideals of honesty and purity.

May God bless you all.

Yours affectionately,

GEO. C. WORTH.
